Portfolio

Education

Parul University, Vadodara

2021 – Present

Bachelor of Technology in Computer Science Engineering

CGPA: 7.20 / 10

Experience

Equanimous Technologies

Jan 2026 – Mar 2026

Frontend Developer Intern

- Developed **responsive UI components** and integrated APIs for an **AI Photo Generation E-commerce Platform**, improving usability by **35%**.
- Implemented **AI integration features** on the platform, enhancing user interaction and workflow efficiency.
- Managed **project workflow, debugging, and frontend optimization**, improving development efficiency and reducing issue resolution time.

Projects

Scrappy – Eco-friendly Waste Exchange Platform

Aug 2024 – Dec 2024

HTML, CSS, JavaScript

- Developed an **eco-friendly waste management platform** that converts recyclable waste into **digital reward credits**.
- Designed a **responsive and modular UI** which improved user interaction and navigation efficiency by **35%**.
- Implemented a **reward-based waste tracking system** with instant feedback workflow for smoother operations.
- Enhanced platform usability by reducing manual waste management processes by nearly **40%**.

Eventify – Event Service Booking Platform

Jan 2025 – Mar 2025

Angular, Node.js, MongoDB

- Developed a **service booking platform** for catering and photography event services.
- Created **responsive UI pages** with dynamic filtering and smooth navigation, improving booking experience by **30%**.
- Implemented **interactive booking forms** and backend integration for efficient service management.
- Improved overall workflow efficiency and reduced manual booking complexity by approximately **25%**.

Imagine AI – AI Image Transformation Platform

Apr 2025 – Present

React, JavaScript, AI APIs

- Launched an **AI-enhanced image transformation platform** using advanced AI APIs and React, capable of generating 100+ unique image styles, which expanded the creative toolkit for users and improved project turnaround times.
- Integrated **image-to-image AI generation models** to create enhanced and creative outputs with improved processing accuracy.
- Architected a **textbfresponsive and intuitive user interface**, elevating user engagement and task completion rates by a demonstrable **25%** increase.

Technical Skills

- Frontend:** HTML, CSS, JavaScript, Angular, React
- Backend:** Node.js, Express.js
- Database:** MongoDB, Power BI, MS Excel
- Tools:** Git, GitHub, VS Code, Postman
- Soft Skills:** Communication, Teamwork, Problem Solving

Certifications

- Introduction to Internet of Things** – NPTEL (IIT Kharagpur) 2025
- Power BI Workshop** – OfficeMaster 2025
- AI Tools and ChatGPT Workshop** – Be10x 2025
- Database and SQL** – Infosys Springboard 2023
- Vadodara Startup Festival Participation** – Parul University 2024
